

May 17, 2021

Dear Wellness Center and Employee Fitness Members:

Thank you for your continued patience as we navigate COVID procedures and protocols. Most of you have heard the new information from the CDC on Thursday, May 13, 2021, that “people who are fully vaccinated for COVID-19 can go without masks or physical distancing when indoors or in large groups, except in some circumstances such as healthcare”.

Beginning Monday, May 17, 2021, members that provide documentation of being fully vaccinated for COVID-19 will be allowed to exercise without masks at the Wellness Center. Members must provide documentation at the check-in desk that displays the date of the vaccination(s) and what type of vaccine they received. Fully vaccinated means that it has been at least two weeks since the final dose of the vaccine. Once documentation is verified, we will present the member with a colored armband that will be used as notification to our staff. Your vaccination status will not be logged or tracked in any system; therefore, it will be necessary for you to present your vaccine card at each visit.

Masking will still be mandated at Employee Fitness (Lofts). This facility is not staffed during all operation hours so the mandatory masking policy will stay in place until further notice.

Thank you for your continued loyalty. If you have any specific questions, please feel free to reach out to me at kevin.carter@atriumhealth.org.

Yours in Health,

Kevin Carter, M.Ed.
Director – Wellness Services
Atrium Health, Navicent
