

NOTICE:

VISITATION GUIDELINES

Beginning **Wednesday, March 25, 2020** only one (1) Essential Visitor will be permitted into Navicent Health facilities. Essential Visitor is defined as those who are visiting/accompanying the following patients:

- Minor patients under the age of 18
- Patients in Labor & Delivery and/or Family Birth Centers *(may include both a partner and a birth coach)*
- Patients in intensive care
- Patients at end of life/in Hospice/Palliative Care
- Patients who need a healthcare decision maker or visitor to help with communication and/or mobility

Essential visitors must continue to adhere to the following guidelines:

- Patients in Hospice, Palliative, Pediatric units and Birth Centers may have one (1) visitor overnight.
- Visitors under the age of 13 are **NOT permitted**, including for the birth of a sibling.

Thank you for supporting these guidelines to protect our patients, staff, visitors and community.
